

General Secretariat (GS)

Geneva, 12 November 2021

E-mail: HRerecruit@itu.int

To the Director-General

Circular letter No. 54

Subject: **Vacancy Notice No. 58P-2021/SG-IS/EXTERNAL/P4**

Dear Sir,

The post described in the Annex is to be filled at ITU Headquarters.

The relevant job description with the qualifications required, as well as all other useful information, is annexed hereto.

Administrations are requested to circulate vacancy notices to all potential sources of recruitment including universities, institutes, associations of engineers and the private sector as the case may be.

I would be grateful if Administrations would invite qualified candidates and especially women candidates to apply for the above position not later than 12/01/2022 on ITU web site: <http://www.itu.int/employment/Recruitment/index.html>

The Plenipotentiary Conference adopted the Resolution 48 (Rev. Dubai 2018), affirming that: "...when filling vacant posts by international recruitment, in choosing between candidates who meet the qualification requirements for a post, preference shall be given to candidates from regions of the world which are under-represented in the staffing of the Union, taking into account the balance between female and male staff mandated by the United Nations common system;"

Yours faithfully,

Mr. Houlin ZHAO
Secretary-General

Annexes: **Vacancy Notice No. 58P-2021/SG-IS/EXTERNAL/P4**

ITU is the leading United Nations agency for information and communication technologies, with the mission to connect the world. To achieve this, ITU manages the radio-frequency spectrum and satellite orbits at the international level, works to improve communication infrastructure in the developing world, and establishes global standards that foster seamless interconnection of a vast range of communication systems. ITU also organizes global Telecom events bringing together the most influential representatives of government and the private sector to exchange ideas and knowledge for the benefit of all.

Organ:

The General Secretariat directs all the administrative and financial aspects of the Union's activities, including the implementation of the provisions of the administrative regulations on operational questions, the dissemination of information on telecommunication matters for operational and other purposes, the provision of legal advice to the Bureaux of the Union and the departments of the General Secretariat, logistic support to the Union's activities including conferences, the coordination of the work of the Union with other international organizations, the dissemination of information to the Member States and Sector Members, press, corporate and individual users of telecommunications and the general public. The General Secretariat is also responsible for the organization of world telecommunication exhibitions and forums.

Organization Unit:

Within the General Secretariat, the Information Services Department (IS) is the focal point for the ITU information technology services, managing ERP, CRM, documents, information systems and infrastructure, service-desk, library, archives and information management services, safety and security (both physical and logical), to support staff both at Headquarters and in the Field, as well as delegates attending conferences, meetings and events world-wide. It also promotes ICT

collaboration, partnerships and information-sharing and represents ITU in inter-organization meetings and committees related to information technology and security management.

Duties / Responsibilities

Under the supervision of the Head, Safety & Security Division (SSD), and in close collaboration with the Organizational Resilience Management System (ORMS) Coordinator and ICT Business Continuity/Disaster Recovery Manager, the incumbent will perform the following duties:

- Manage, develop, revise, and update risk management related policies, frameworks, appetite statements, protocols, registers, guidance, manuals, or tools for identifying, assessing, monitoring, and reporting on ITU's risk exposures, including those related with BC and CM, as well as escalation procedures for risks exceeding appetites to ITU's Senior Management Team.
- Liaise with and provide specialized advice and support to ITU's sectors, departments, divisions, or units as well as other internal and external stakeholders, in discharging risk management responsibilities for their respective areas of activities.
- Manage and support enterprise risk management and control frameworks as a key component of ITU's accountability and transparency framework, in line with the three lines of defense model for roles and responsibilities for risk and appetite measures.
- Contribute to ITU's ORMS by monitoring and assessing potential threats to ITU's critical activities, and, where warranted, providing specialized advice, and recommending updates to the Activity Recovery Plans (ARPs), based on a Strategic Business Impact Analysis (SBIA) BIA. Conduct reviews of the adequacy and robustness of controls to respond and mitigate those risks and, where appropriate, identify, design, implement, or recommend compliance measures to ensure that risk exposures remain within appetite, address single points of failure, increase resiliency, or improve the effectiveness of crisis response, business continuity and recovery activities.
- Keep abreast of new development and consolidate best practices in risk management across the organization, as well as compliance, and organizational resilience, and drive change to ensure continuous improvement. Lead the efforts to embed and foster a risk awareness culture throughout the organization.
- Support ITU's focal point and provide specialized advice for best practice sharing on enterprise risk management, at the inter-agency level, and support the interface with the third line of defense on the corporate implementation of risk management. Support the Secretary-General with responses to any scrutiny, concerning risk management from external parties, including the Internal and External Auditor, and the Joint Inspection Unit as required.
- Support the Secretary-General in the maintenance of the ITU Corporate Risk Register by providing the risk components.
- Support the Secretary-General in the definition and review of the ITU Risk Management Policy.
- Liaise with Information Services Department, business managers and business IT specialists and coordinate with the ICT Business Continuity/Disaster Recovery Manager to assist in maintaining the IT Disaster Recovery (ITDR) policy and plan while collaboratively adapting internal risk frameworks to deliver in the most cost-effective way.

- Perform other related duties as assigned.
